ADDITIONAL COMMENTS AND MISCELLANEOUS CHARGES

1. Most mortuaries have an additional charge ranging from \$50-\$200 for removal of bodies from anywhere other than a hospital or the Coroner's office. **RFS-contracted mortuaries do not charge extra for these services**
2. The State charges \$13 for one required death certificate, another \$13 for the County filing fee and a State Regulatory fee of \$8.50 for each cremation. **RFS-contracted mortuaries include these charges in their prices.** Additional Death Certificates, with their additional expense, may be ordered for the closing of bank accounts and other legal or financial requirements.
3. Service areas for each mortuary varies from 9 miles (Parent-Sorenson) to 50 miles, and coverage beyond this range will incur additional costs. **RFS-contracted mortuaries set their prices to cover the entire county.**
4. Other additional services requested, such as cemetery charges for burial or scattering of cremated remains, will, of course, incur additional expense.

NOTES REGARDING REDWOOD FUNERAL SOCIETY BURIAL AND CREMATION SURVEYS

The Redwood Funeral Society (RFS) is **not** a mortuary. It is a non-profit consumer organization, dedicated to helping people find simple, dignified and affordable after-death services and goods, as declared in our Mission Statement, which appears at the bottom of this page. We do **not** receive funding through or from any of the businesses we recommend.

The information in this survey was taken from price lists collected by volunteers who telephoned the mortuaries listed in the Yellow Pages of five North Bay counties. Mortuaries are required by law to have price lists and are required to give them to any consumer who goes to the business. The consumer does not have to arrange a funeral to receive a price list. Mortuaries are also required by law to give accurate price information over the phone, but prices given by phone often may not match those on the printed price lists.

All mortuaries listed in the telephone book were requested to send a price list to the individual calling. Some required a second call before sending. Some refused to send anything even after a third request. If a mortuary is not listed here, they have refused repeated requests made by various shoppers, have gone out of business, or are just store fronts for another mortuary with a different name.

If you, our readers and friends, have information related to funeral directors not represented in our surveys, please call the RFS phone number (707) 568-7654 and leave your name and phone number and a short message for Karen Leonard.

Separate Price Surveys have been developed for Sonoma, Mendocino/Lake, Napa, and Solano Counties. You have received the one for your zip code address. If you would like to have a list from another surveyed county, or a copy of the **RFS Special Edition** mailed to our volunteers and financial supporters (which contains more details about the survey process as well as legislative news), send your request, with an enclosed self-addressed stamped envelope, to:

For more information, call (707) 568-7684 and leave a message, or write to us at the above address.

...and a final Special Note

You do not have to use a funeral director for any disposition. You have the right to handle all arrangements yourself.

Home And Family Funerals is a service that provides guidance and assistance to individuals choosing to have a home or family-run funeral without using a funeral director or mortuary. It is often more economical, but it is the emotional benefits that are the primary reasons people choose to carry out their own arrangements.
